WHY HIRE SARAH FOR YOUR EVENT?

Engaging

Rebecca Connors, MVD Driver Services Bureau Chief

"Sarah has a talent for connecting with her audience. My team and I have partnered with Sarah for in-person and online events, both of which have been equally valuable and rewarding. We always walk away with a fresh perspective on life after one of her sessions. A busy chat box and virtual hand raises are an indication of her good work."

Relevant

Attendee Evaluation - Montana Watershed Conference

"The choice of Sarah Elkins (as our conference keynote) was inspired. Her emphasis that we need to think more carefully as advocates about how we are perceived, that we need to demonstrate our values authentically (and bravely) so as to build trust, was... as important as all the specific storytelling tools discussed."

Authentic

Michael Bellina, Migman Media LLC

"Sarah Elkins is such an inspiration... and did a fantastic presentation. Even though she was 1,000 miles away, you could feel the warmth and passion she has for the subject through the screen."
